

PriceFlex[®] Program

Downside protection, individual lifts

Sprague's innovative PriceFlex[®] price protection program provides the industry's first way to match downside protection with an individual lifting - reducing the time, confusion and risk associated with managing customer price-protection programs.

Benefits Include:

- Price risk management program that offers At The Money (ATM) or Out of The Money (OTM) protection month to month
- Protection offered throughout the entire month based on your lifting schedule
- Small minimum gallon requirements*
- Cash flow protection when you need it most - during the delivery window
- Price protection premium payment choices available to minimize cash flow impact
- Built-in basis protection

*Minimum total requirement of 10,000 gallons, but can be done in 1,000 gallons minimum per month as long as total is 10,000 gallons.
